

7th International Conference on Collective Motion in Nuclei under Extreme Conditions (COMEX7)

Thursday, 15 June 2023

Session 12 - Aula Magna (11:00 - 13:10)

-Conveners: Elena Litvinova

time	[id] title	presenter
11:00	[250] Beyond mean field model for spin-isospin excitations and beta-decays	SAGAWA, Hiroyuki
11:30	[251] Gamow-Teller strengths and electron captures in stellar phenonema	ZEGERS, Remco
12:00	[252] Recent studies within the Subtracted Second RPA	GAMBACURTA, Danilo
12:30	[253] Gamow-Teller Giant Resonance in ^{11}Li neutron drip line nucleus	SASANO, Masaki
12:50	[258] Impact of the isospin symmetry breaking on the neutron-skin thickness and the nuclear equation of state	NAITO, Tomoya
