

7th International Conference on Collective Motion in Nuclei under Extreme Conditions (COMEX7)

Thursday, 15 June 2023

Session 14 - Aula Magna (16:15 - 17:15)

-Conveners: Esra Yüksel

time	[id] title	presenter
16:15	[261] New particle identification system for the MAGNEX magnetic spectrometer: the SiC-CsI telescope wall	CARBONE, Diana
16:30	[275] New developments in modeling Heavy Ion Double Charge Exchange reactions	BELLONE, Jessica Ilaria
16:45	[262] Multi-channel analysis of the $^{18}\text{O} + ^{48}\text{Ti}$ reaction at 275 MeV within the NUMEN project *	BRISCHETTO, Giuseppe Antonio
17:00	[263] Experimental and theoretical analysis of $^{76}\text{Se}(^{18}\text{O},^{17}\text{O})^{77}\text{Se}$ and $^{76}\text{Se}(^{18}\text{O},^{19}\text{F})^{75}\text{As}$ transfer reactions at 15 MeV/u in a multi-channel approach within the NUMEN project *	CIRALDO, Irene
