

7th International Conference on Collective Motion in Nuclei under Extreme Conditions (COMEX7)

Friday, 16 June 2023

Session 16 - Aula Magna (11:30 - 13:11)

-Conveners: Nunzia Simona Martorana

time	[id] title	presenter
11:30	[297] Nuclear EoS and many-body phase-space correlations in the Constrained Molecular Dynamics	PAPA, Massimo
11:50	[241] Solving nuclear structure puzzles with the relativistic nuclear field theory	LITVINOVA, Elena
12:21	[298] Search for Pygmy strength at finite temperature	WIELAND, Oliver
12:31	[265] Spurious states in "beyond" RPA and multiphonon calculations	KNAPP, Frantisek
12:51	[266] Dipole excitations in open shell nuclides near the neutron threshold from (α, α') experiments : The case of Ge isotopes	BENOUARET, Nadia
