

# 7th International Conference on Collective Motion in Nuclei under Extreme Conditions (COMEX7)

## Friday, 16 June 2023

### Session 17 - Aula Magna (14:40 - 16:00)

-Conveners: Giuseppe Cardella

time	[id] title	presenter
14:40	[269] Density dependence of pairing functionals for the rotational excitation in neutron-rich nuclei	YOSHIDA, Kenichi
15:10	[270] Mo-100 monopole & quadrupole strength with triaxiality: A time-dependent density functional study	STEVENSON, Paul
15:30	[272] On the measurement of $8\text{B}+64\text{Zn}$ to investigate the proton halo dynamics	SPARTA', Roberta
15:45	[216] Interplay Between Strong, Weak and Electromagnetic Interactions Revealed by Nuclear Decay Processes	DUMITRESCU, Alexandru
