

Quinto Incontro Nazionale di Fisica Nucleare INFN 2022

Wednesday, 11 May 2022

Applicazioni e interdisciplinarietà della fisica nucleare - Auditorium "E. Fermi" (10:50 - 12:20)

time	[id] title	presenter
10:50	[50] Nuclear Physics applications in Medicine: State of the Art	TOMMASINO, Francesco
11:20	[65] The FOOT (Fragmentation of Target) experiment: an overview and first results	MORROCCHI, Matteo
11:40	[51] Proton-induced nuclear reactions on natV and 49Ti for the theranostic 47Sc production: preliminary cross-section results	DE DOMINICIS, Lucia
12:00	[41] Nuclear Quantum Simulations on Quantum Computers in the Optimal Control Context	LUCHI, Piero
