Inner Detector Assembly: status and checks
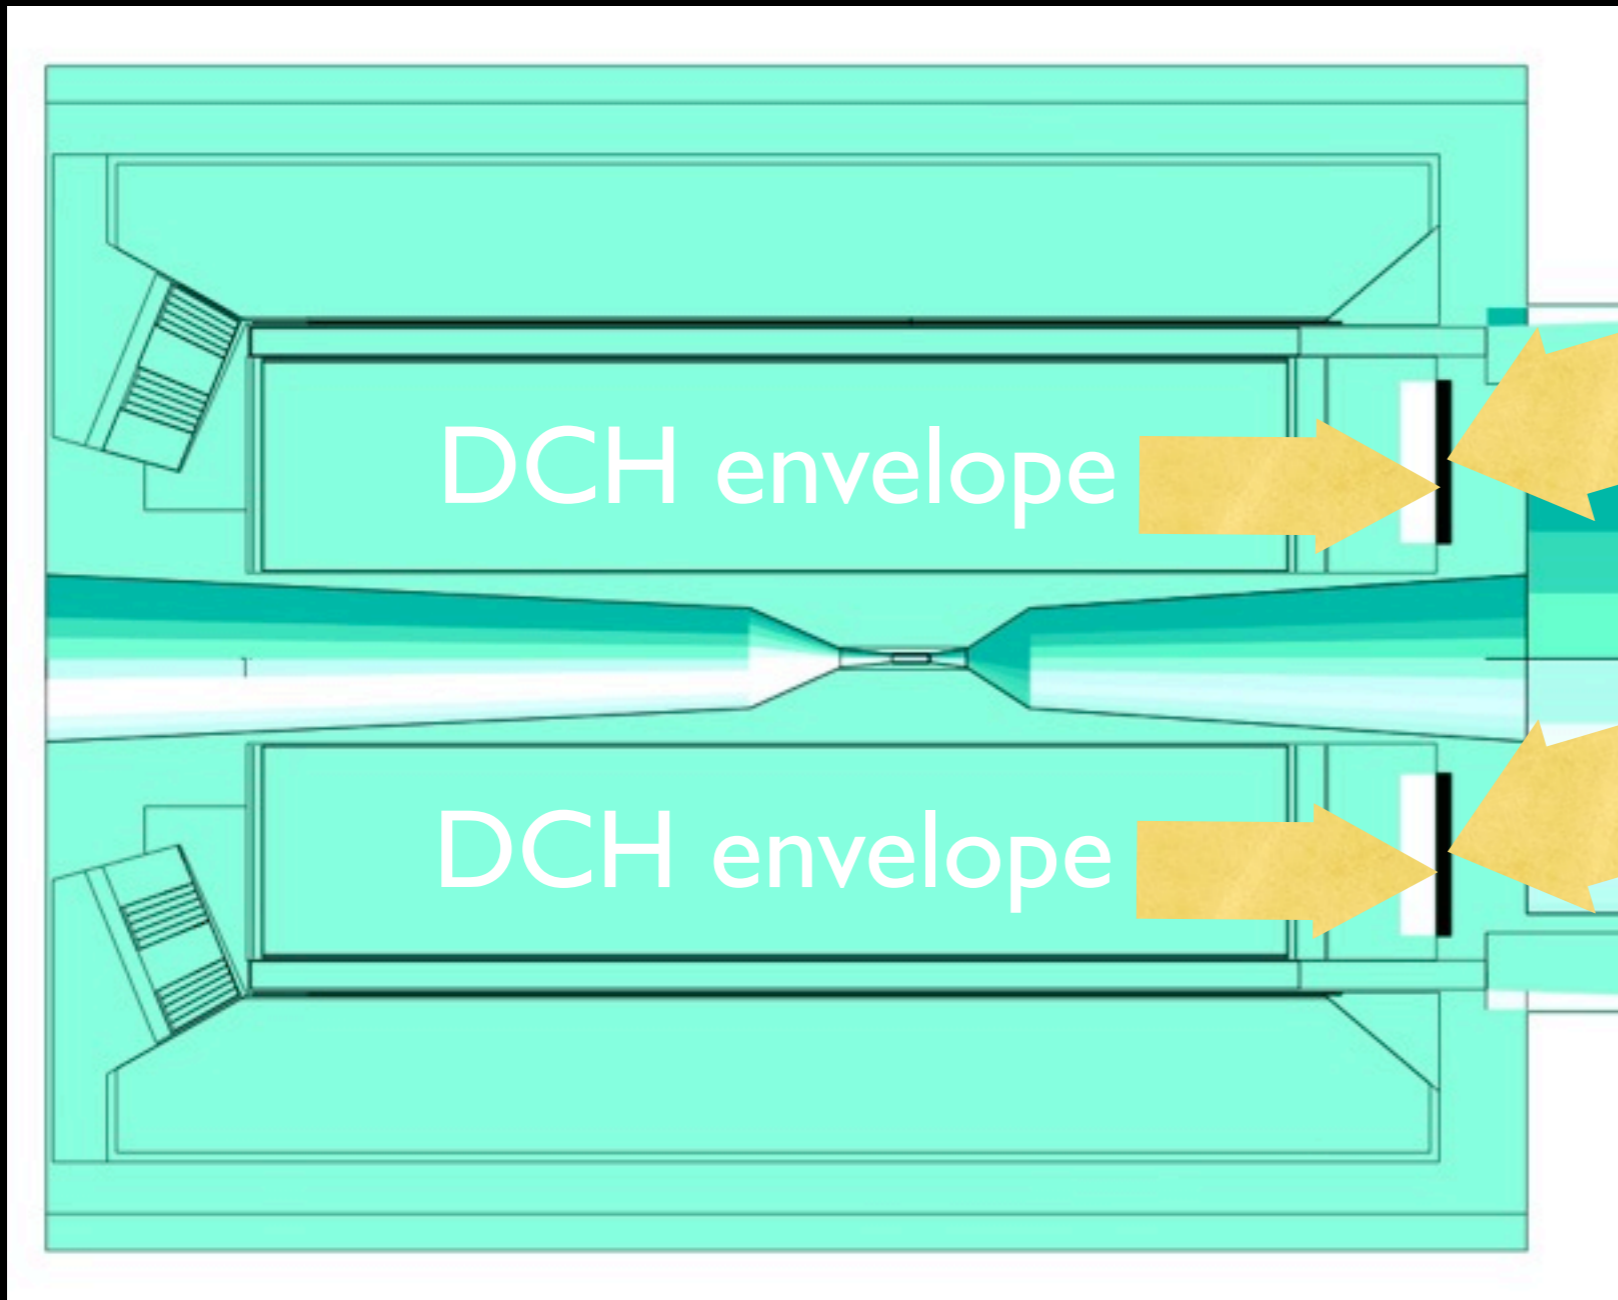

SGRUNT! #@#@!&%!

Envelopes were fixed in late decembers

- Super*B* is tightly packed, if you enlarge your envelope you will steal the vital space of some other one.

- At least in the SVN log file you have to clearly write that you are modifying you envelope.
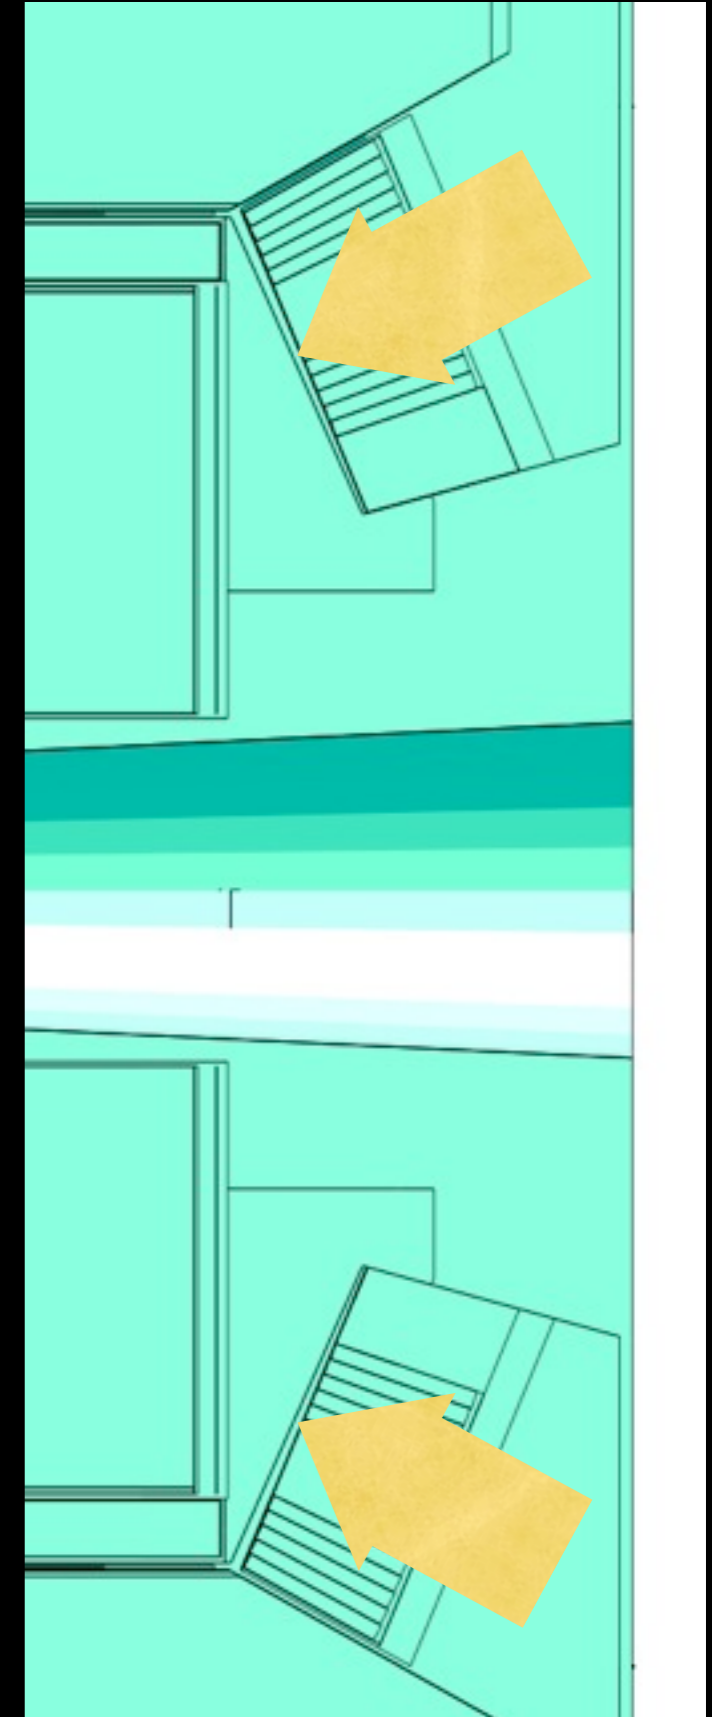

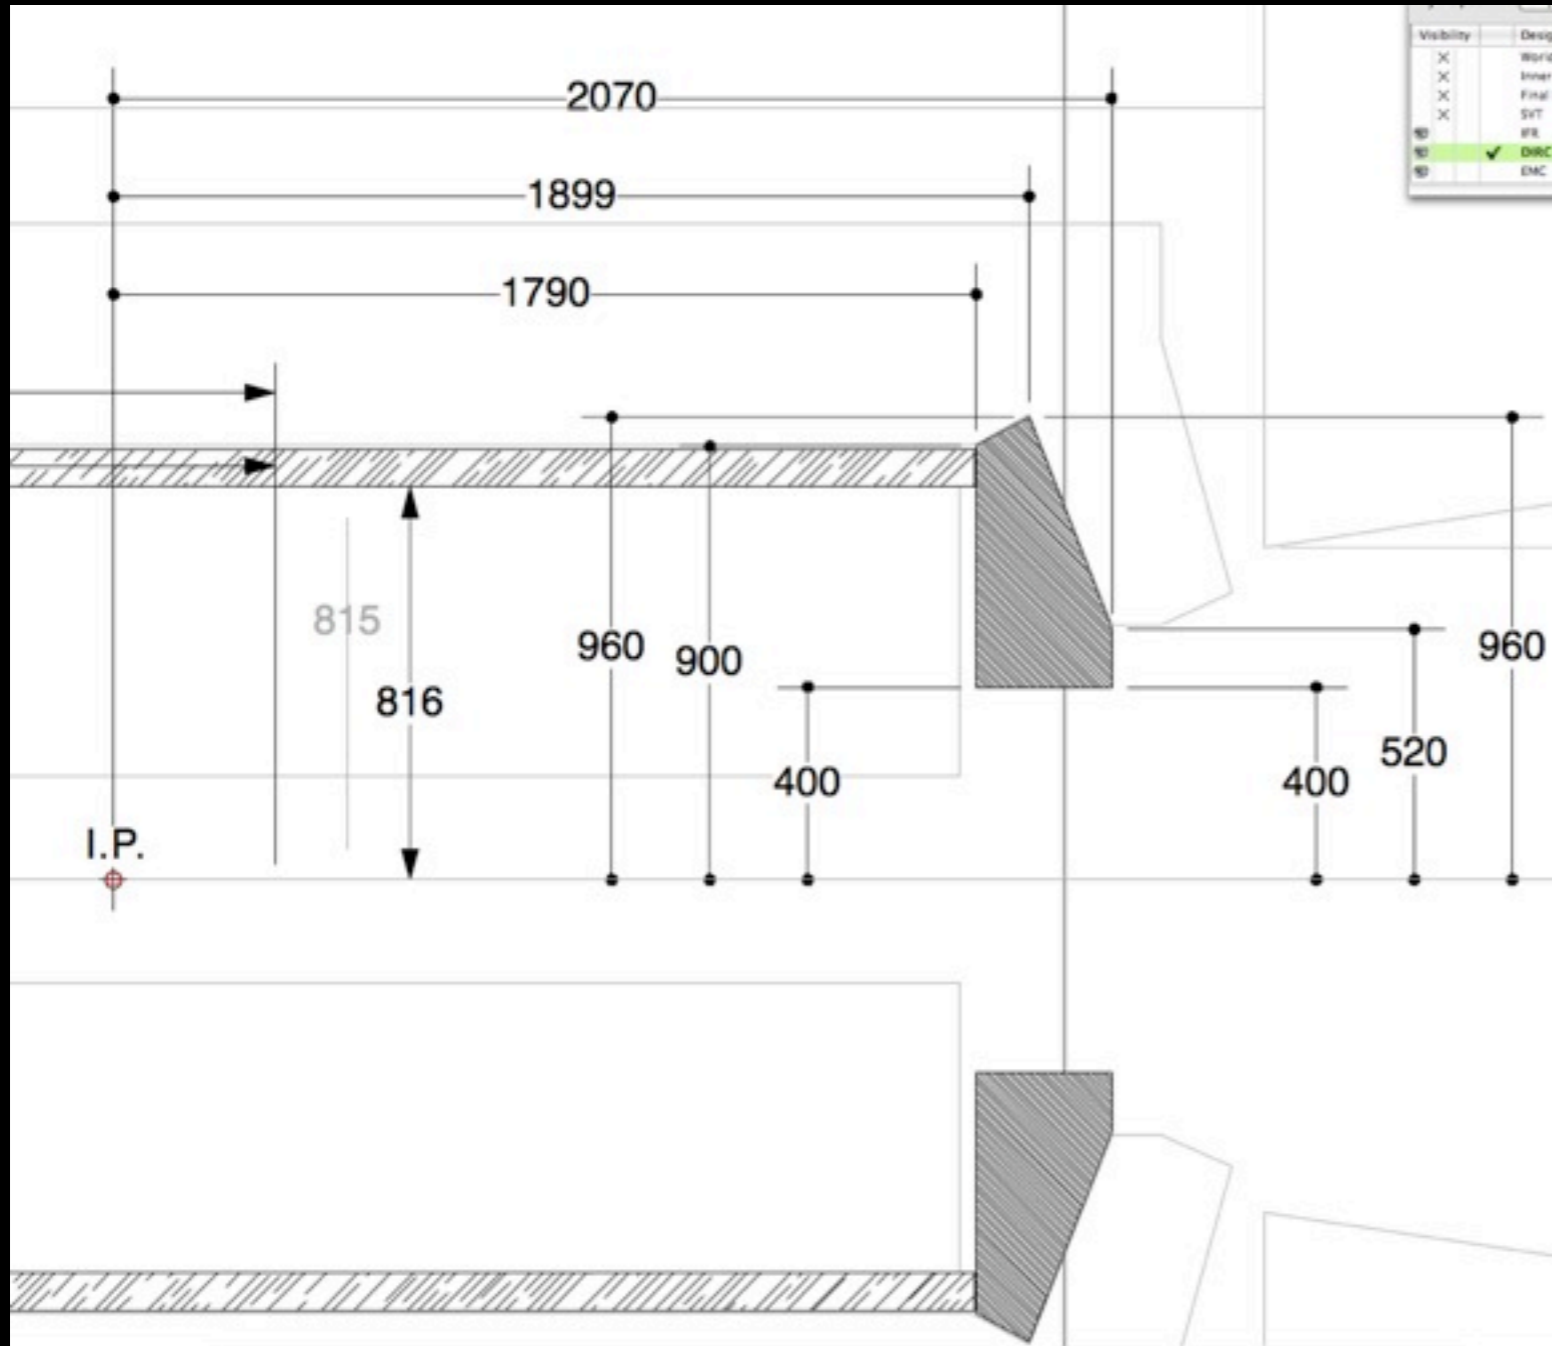

Clash: DCH vs EMC

Clash:EMC vs TOF

As it was acknowledged in december

DCH vs TOF

Action items

- EMC, TOF, and DCH contact persons have to agree on the common boundaries ASAP.

- Each detector must provides quoted drawings of their envelope.

- The envelopes must be placed on a separate file to be considered freezen.
