

Session Program

Mar 9 - 12, 2010

SuperB Computing R&D Workshop

***Plenary Session: Impact of new CPU
architectures (I)***

Tue, March 9

5:00 PM

Plenary Session: Impact of new CPU architectures (I)

Session

5:00 - 5:15 PM **Introduction and goals**

Speaker

Vincenzo Innocente

5:15 - 6:15 PM **Modern CPU architectures: Challenges and opportunities for HEP**

Speaker

Vincenzo Innocente

6:15 - 6:45 PM

Experience and perspective in parallelization of data analysis (including experience from BaBar and future plan)

Speaker

Alfio Lazzaro

6:45 - 7:00 PM **Discussion**

7:00 PM
