

Working Group on Radiative Corrections and Generators for Low Energy Hadronic Cross Section and Luminosity

Monday, 19 April 2010

MonteCarlo for R Measurements with energy scan - Aula Seminari (15:10 - 16:30)

time	[id] title	presenter
15:10	[3] Status of MC generators for energies above 1 GeV	Dr EIDELMAN, Simon
15:40	[4] Processes 2 to 4 in e+e- annihilation and the details of generator construction	KURAEV, Eduard
16:10	[19] MCGPJ with experimental data (of BES-III)	WANG, Ping
