

Online String and SUGRA seminars bulletin board

Monday, 1 March 2021

Tor Vergata String Seminars: Computing supergravity scattering amplitude from CFT (15:00 - 16:00)

-Conveners: Agnese Bissi

time	[id] title	presenter
15:00	[28] Computing supergravity scattering amplitude from CFT	Prof. BISSI, Agnese

Monday, 8 March 2021

Tor Vergata String Seminars: Superconformal Theories from S-fold geometries (15:00 - 16:00)

-Conveners: Simone Giacomelli

time [id] title

presenter

15:00	[26] Superconformal Theories from S-fold geometries	Dr GIACOMELLI, Simone
-------	---	-----------------------

Monday, 15 March 2021

Tor Vergata String Seminars: Hamiltonian truncation in AdS (15:00 - 16:00)

-Conveners: Marco Meineri

time [id] title

presenter

15:00	[32] Hamiltonian truncation in AdS	Dr MEINERI, Marco
-------	------------------------------------	-------------------

Monday, 22 March 2021

Tor Vergata String Seminars: S-folds, String Junctions, and 4D N=2 SCFTs (15:00 - 16:00)

-Conveners: Gianluca Zoccarato

time [id] title

presenter

15:00	[30] S-folds, String Junctions, and 4D N=2 SCFTs	Dr ZOCCARATO, Gianluca
-------	--	------------------------

Monday, 29 March 2021

Tor Vergata String Seminars: Cobordisms and the Swampland (15:00 - 16:00)

-Conveners: Miguel Montero

time [id] title

presenter

15:00	[31] Cobordisms and the Swampland	Dr MONTERO, Miguel
-------	-----------------------------------	--------------------

Wednesday, 7 April 2021

Tor Vergata String Seminars: Black holes as engines of discovery (15:00 - 16:00)**-Conveners: Vitor Cardoso**

time [id] title

presenter

15:00	[35] Black holes as engines of discovery	Prof. CARDOSO, Vitor
-------	--	----------------------

Monday, 12 April 2021

Tor Vergata String Seminars: Updates on the search for multicenter AdS black holes (15:00 - 16:00)

-Conveners: Chiara Toldo

time	[id] title	presenter
15:00	[29] Updates on the search for multicenter AdS black holes	Dr TOLDO, Chiara

Monday, 19 April 2021

Tor Vergata String Seminars: TBA (13:30 - 16:00)

-Conveners: Federico Bonetti

time [id] title

presenter

13:30	[33] Discrete and higher-form symmetries in SCFTs from wrapped M5-branes	Dr BONETTI, Federico
-------	--	----------------------

Monday, 26 April 2021

Tor Vergata String Seminars (13:30 - 16:00)

-Conveners: Fabio Apruzzi

time [id] title

presenter

13:30	[34] Holography, 1-Form Symmetries and Confinement	Dr APRUZZI, Fabio
-------	--	-------------------

Monday, 3 May 2021

Tor Vergata String Seminars (13:30 - 16:00)

-Conveners: Giuseppe Dibitetto

time [id] title

presenter

13:30	[38] Multifield Quintessence Models and the Swampland	Dr DIBITETTO, Giuseppe
-------	---	------------------------

Wednesday, 5 May 2021

Tor Vergata String Seminars (15:00 - 16:00)

-Conveners: Vladimir Rosenhaus

time [id] title

presenter

15:00	[45]	Chaotic scattering in quantum field theory and string theory	Dr ROSENHAUS, Vladimir
-------	------	--	------------------------

Monday, 10 May 2021

Tor Vergata String Seminars (15:00 - 16:00)

-Conveners: Alba Grassi

time [id] title

presenter

15:00	[40] Quantum spectral problems and Painlevé equations	Prof. GRASSI, Alba
-------	---	--------------------

Monday, 17 May 2021

Tor Vergata String Seminars (15:00 - 16:00)

-Conveners: Marco Scalisi

time [id] title

presenter

15:00	[39] The Gravitino and the Swampland	Dr SCALISI, Marco
-------	--------------------------------------	-------------------

Monday, 24 May 2021

Tor Vergata String Seminars (15:00 - 16:00)

-Conveners: Lucrezia Ravera

time [id] title

presenter

15:00	[41]	N = 2 AdS4 supergravity on a manifold with boundary and “holographene”	RAVERA, Lucrezia
-------	------	--	------------------

Monday, 31 May 2021

Tor Vergata String Seminars (15:00 - 16:00)

-Conveners: Davide Bufalini

time [id] title

presenter

15:00	[49] Black hole microstates from the worldsheet	BUFALINI, Davide
-------	---	------------------

Monday, 14 June 2021

Tor Vergata String Seminars (15:00 - 16:00)

-Conveners: Andrea Leonardo Guerrieri

time [id] title

presenter

15:00	[50] Where is String Theory?	GUERRIERI, Andrea Leonardo
-------	------------------------------	----------------------------

Monday, 28 June 2021

Tor Vergata String Seminars (15:00 - 16:00)

-Conveners: Anish Ghoshal

time	[id] title	presenter
15:00	[48] Complementarity Probes of BSM between Sky and the Lab via RGE: Higgs Inflation and Inflaton Hunt at Light Dark Sector Experiments	GHOSHAL, Anish
