

Heavy Quarks & Leptons

Thursday, 14 October 2010

Top Quark Physics - Auditorium B. Touschek - Chair: Joel Butler (16:20 - 18:00)

time	[id] title	presenter
16:20	[96] Top quark physics at CDF, status and prospects	LEONE, Sandra
16:40	[47] Top quark physics at D0	RENKEL, Peter
17:00	[37] Observation of Top-Quark Production at 7TeV - CMS	RIBEIRO, Pedro
17:20	[51] Understanding backgrounds towards a first measurement of the top quark pair cross-section at ATLAS	RADICS, Balint
17:40	[80] Prospects for Top Quark Studies with CMS for up to 1fb-1	PEIFFER, Thomas
