Report of the Hepix-Virt Working Group

Tuesday, 18 May 2010 16:45 (15 minutes)

A new working group has been created inside HEPiX community whose objective is to reach an agreement on the use of remotely generated virtual images at sites by the end of this year. We will summarize the discussions being held inside this group.

Presenter: CHIERICI, Andrea (CNAF)

Session Classification: Virtualizzazione (I)
