

# CoViD-19: Inflammation and Molecular Imaging

## Thursday, May 20, 2021

### Diagnostics by Imaging (6:00 PM - 7:15 PM)

-Conveners: S. Del Vecchio; Giacomo Cuttone

| time    | [id] title   | presenter             |
|---------|--|-----------------------|
| 6:00 PM | [105] Multimodal X-ray Imaging with Darkfield Contrast: Improved COVID-19 Detection with Chest X-rays  | Prof. PFEIFFER, Franz |
| 6:20 PM | [109] Medium effects of COVID-19 on multi-system health focusing on the potential role of inflammation | RAMAN, Betty          |
| 6:40 PM | [142] Rapid diagnosis of patients with COVID-19 by Artificial Intelligence                             | YANG, Yang            |
| 7:00 PM | Discussion   |                       |
