

**News**

We are invited to contribute to RD51 Collaboration Meeting, from Monday, June 14 to Friday, June 18, 2021:

- Portuguese studies on Iso-butane;
- Advances on electro-luminescence (GSSI+LNF data);
- Other candidates?

“The CYGNO experiment” paper has started the internal review procedure (thanks to Luca). Asked for a new deadline by the end of June;
