

SolFER Spring 2021 Meeting

martedì 25 maggio 2021

Science Question 4: Ion acceleration during impulsive flares (13:40 - 15:40)

time	[id] title	presenter
13:40	[79] 3He-rich Solar Energetic Particle Events Observed on Solar Orbiter	HO, George
14:05	[40] Efficient Nonthermal Ion and Electron Acceleration Enabled by the Flux-Rope Kink Instability in 3D Magnetic Reconnection	ZHANG, Qile
14:30	[66] Data-based MHD-particle modelling of solar flares	GORDOVSKYY, Mykola
14:43	[2] The Evolution of Plasma Composition during a Solar Flare	Sig. TO, Andy S.H.
14:56	[3] Solar-Flare Particle Acceleration And Interaction Studies Using Gamma Rays	SHARE, GERALD
15:10	Discussion
