

# GWADW2021 Gravitational Wave Advanced Detector Workshop

## Monday, 17 May 2021

### Recorded talks: Multimessenger Astronomy: Multimessenger Astronomy Talk Index (06:00 - 07:00)

-Conveners: Hsin-Yu Chen

time	[id] title	presenter
06:00	[131] Binary neutron star mergers	RADICE, David
06:30	[12] Localization and early warning for BNSs by third generation detector networks	LI, Yufeng
06:45	[171] Impact of calibration uncertainties on cosmological measurements from gravitational wave sources	HUANG, Yiwen
