

XXIV SIGRAV Conference on General Relativity and Gravitation

Tuesday, 7 September 2021

Experimental Gravitation (14:00 - 16:50)

-Conveners: Gianluca Guidi

time	[id] title	presenter
14:00	[53] Gravity with Gaia	CROSTA, Mariateresa
14:30	[57] SaToR-G: an experiment to test gravity theories in the field of the Earth with laser-tracked satellites	
15:00	[67] Technologies for a GW astrometric antenna	LATTANZI, Mario
15:30	[61] The MBTA Pipeline for Detecting Compact Binary Coalescences in the Third LIGO-Virgo Observing Run	AUBIN, Florian
16:10	Coffee break	

Wednesday, 8 September 2021

Experimental Gravitation (17:45 - 18:05)

time	[id] title	presenter
17:45	[41] GINGER	DI VIRGILIO, Angela Dora Vittoria
