

XXIV SIGRAV Conference on General Relativity and Gravitation

Wednesday, September 8, 2021

Beyond Einstein's Gravity (9:00 AM - 1:00 PM)

-Conveners: Salvatore Capozziello

time	[id] title	presenter
9:00 AM	[62] Precision tests of the AdS/CFT correspondence	PENATI, Silvia
9:30 AM	[60] Generalizing the coupling between spacetime and matter	CARLONI, Sante
10:00 AM	[47] A quantum state for black holes and the late Universe	CASADIO, Roberto
10:30 AM	[48] Exact solutions in statistical quantum field theory	BECATTINI, Francesco
11:00 AM	Coffee break	
11:30 AM	[50] New equations for relativistic cosmology	ESPOSITO, Giampiero
12:00 PM	[52] New directions for quantum field theory in curved spacetime	VITAGLIANO, Vincenzo
12:30 PM	[5] Spacetime effects on wavepackets of coherent light	BRUSCHI, David Edward
12:45 PM	[6] Self gravity affects quantum states	BRUSCHI, David Edward
