Company Dal Ben S.p.A.

San Stino Di Livenza (Italy)

Dal Ben S.p.A. is a fully Italian joint-stock Company located in the Northern-East of Italy, with 35 years of manufacturing experience, operating on national and international markets.

Dal Ben S.p.A. designs and builds machines and plants for the mechanical industry, sold worldwide. Main sectors are steel production, hydroelectric power, energy and research.

Currently, the activity takes place in 6 factories (each unit is specialized in a dedicated manufacturing phase) in the same industrial area, for a total covered area of about 22,000 square meters, in which over one hundred specialized technicians are employed.

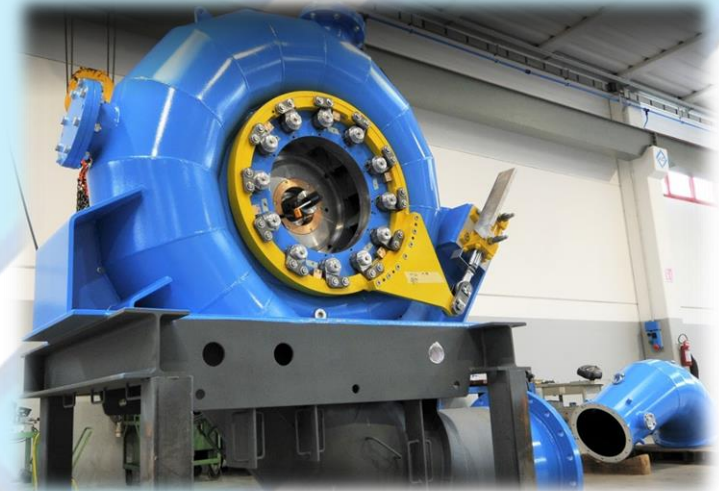

The activity of Dal Ben S.p.A. is divided into several production sectors:

- **Design and construction of mechanical groups;**
- **Construction and welding of metal structures in carbon steel, stainless steel, alloy steel, aluminum alloys, weld cladding;**
- **Construction of piping in carbon steel, austenitic steel and titanium stainless steel;**
- **Precision mechanical machining with machine tools;**
- **Application of corrosion protection products**
- **Assembly and testing of groups, machines and systems.**

Machines for metals production

Machines for energy sector

Machines for Research Institutions

Astronomical

- Parts of telescopes

Superconductors

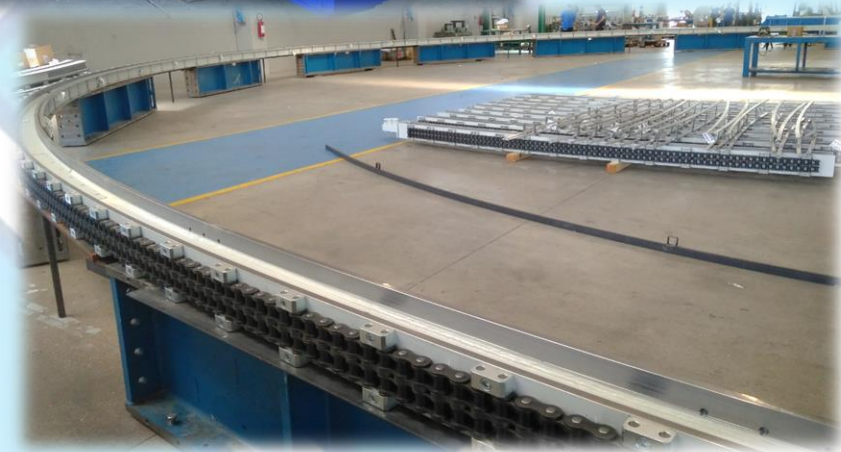

- Vacuum chambers
- Thermal screens
- Components for magnet vessels

Universities

- Prototypes
- Parts of test benches

Research Institutions

- Mechanical groups for special applications

Certifications

- **UNI EN ISO 9001: 2015 – Quality Management System**
- **ISO 45001:2018 - Occupational Health and Safety Management System**
- **UNI EN 3834-2:2005 (Welding)**
- **EN 1090-2 EXC4 (Welding)**
- **EN 1090-2 EXC4 (Corrosion protection)**
- **UNI EN 15085-2 (Rail constructions)**
- **ANSI-NACE No.13 - Industrial coating and lining Application Specialist**

Certifications in audit phase to be obtained shortly

- **ISO 14001:2015 - Environmental Management System**
- **AD-Merkblatt 2000 HP0 with requirements HP1/2 - Pressure Vessels**

Dal Ben S.p.A. has an internal Welding Engineer certified IWE

Dal Ben S.p.A. has internal technicians trained and certified for NDT according to the requirements of the UNI EN ISO 9712: 2012 Lev. 2 (VT, PT, UT, MT, LT with Pressure Difference and Mass Spectrometer methods)

THANK YOU FOR YOUR ATTENTION
