

Newtonian-noise modeling and seismic analyses at the ET Sardinia candidate site

Monday, 12 July 2021

Newtonian noise: seismic origin (09:00 - 12:00)

-Conveners: Jan Harms

| time | [id] title | presenter |
|-------|---|------------|
| 09:00 | [1] Approaches to seismic NN modeling | HARMS, Jan |
| 10:00 | [2] RUMOR - An ET environmental noise simulation tool | HARMS, Jan |
| 11:00 | [5] Discussion: What is the "right" way to model NN for ET? | |
