

Newtonian-noise modeling and seismic analyses at the ET Sardinia candidate site

Tuesday, 13 July 2021

Newtonian noise: atmospheric origin (09:00 - 14:00)

-Conveners: Mariano Cadoni; Jan Harms

time	[id] title	presenter
09:00	[3] Modelling the atmospheric Newtonian noise (part 1)	SANNA, Andrea
09:30	[4] Modelling the atmospheric Newtonian noise (part 2)	OI, Mauro
10:00	[6] Discussion: Status of atmospheric NN modeling and next steps	
11:00	[7] Discussion: What measurements can help to improve atmospheric NN estimates?
