

# NuSym 2021 - International Symposium on Nuclear Symmetry Energy Online Event

## mercoledì 13 ottobre 2021

**Constraints from Heavy Ion Collisions 1, Theory and Experiments at Fermi and Intermediate Energies - Chair: Hermann Wolter (14:00 - 16:00)**

time	[id] title	presenter
14:00	[10] Critical review of isospin observables for the determination of the symmetry energy	LOPEZ (LPC CAEN, FRANCE), O.
14:40	[11] Light clusters in dynamic evolution of heavy-ion collisions	ONO (TOHOKU UNIVERSITY, JAPAN), A.
15:05	[12] Probing the asymmetry dependence of the nuclear caloric curve in fusion-evaporation reactions	MCINTOSH (TEXAS A&M UNIVERSITY, USA), A.
15:30	Open discussion
