

NuSym 2021 - International Symposium on Nuclear Symmetry Energy Online Event

giovedì 14 ottobre 2021

Constraints from Heavy Ion Collisions 2 – Theory and Experiments at Relativistic Energies - Chair: Zhigang Xiao (14:00 - 16:00)

time	[id] title	presenter
14:00	[13] Particle production close to threshold: A critical review	COZMA (IFIN-HH, ROMANIA), D.
14:40	[14] Constraints on the Symmetry Energy using the Spectral Pion Ratio	ESTEE (MIT, USA), J.
15:05	[15] The ASYEOS experiment at GSI and how to proceed towards higher density constraints of the symmetry energy	LEIFELS (GSI, GERMANY), Y.
15:30	Open discussion
