

# NuSym 2021 - International Symposium on Nuclear Symmetry Energy Online Event

## mercoledì 20 ottobre 2021

### Poster Contest Winners (14:10 - 14:50)

time	[id] title	presenter
14:10	[23] Multi-physics constraints at different densities to probe nuclear symmetry energy	S. GOSH
14:20	[24] Experimental study of the symmetry energy from $40,48\text{Ca}+40,48\text{Ca}$ at 35 AMeV	Q. FABLE
14:30	[25] Insights into the pion production mechanism and the symmetry energy at high density	Y. Y. LIU
14:40	[26] Systematic analysis of nuclear reactions at intermediate energies with a neutron rich projectile on multiple targets	S. UPADHYAYA
