

9th GOSPEL Workshop. Gas sensors based on semiconducting metal oxides:  
novel materials & mechanism analyses & application fields

Contribution ID: 122

Type: **not specified**

## Plenary Session, Material Design for Semiconductor Gas Sensors

*Monday, 5 August 2024 09:05 (40 minutes)*

Venue: Rotunda Lecture 2nd Floors

Chair: Prof. Barbara Fabbri (University of Ferrara, Italy)

**Primary author:** SHIMANOE, Kengo

**Presenter:** SHIMANOE, Kengo
