

9th GOSPEL Workshop. Gas sensors based on semiconducting metal oxides:
novel materials & mechanism analyses & application fields

Contribution ID: 123

Type: **Invited talk**

Gas sensing Mechanism: Insights from Operando Tests and DFT calculations

Monday, 5 August 2024 10:15 (25 minutes)

Chair: Prof. Kengo Shimano (Kyushu University, Japan)

Primary author: ZHANG, Jun (Qingdao University, China)

Presenter: ZHANG, Jun (Qingdao University, China)
