

9th GOSPEL Workshop. Gas sensors based on semiconducting metal oxides:
novel materials & mechanism analyses & application fields

Contribution ID: 131

Type: Oral presentation

A pulsed detection method for Pt-doped In₂O₃ field effect H₂ sensors

Monday, 5 August 2024 14:25 (15 minutes)

Primary author: WU, Meile

Presenter: WU, Meile

Session Classification: Day I, Session I
