

9th GOSPEL Workshop. Gas sensors based on semiconducting metal oxides:  
novel materials & mechanism analyses & application fields

Contribution ID: 137

Type: Oral presentation

**Gas sensor array based on ZnO-Au-SnO<sub>2</sub>: Synthesis  
and device application for mixture classification**

*Monday, 5 August 2024 16:25 (15 minutes)*

**Presenter:** JIAO, Mingzhi

**Session Classification:** Day I, Session I
