

**9th GOSPEL Workshop. Gas sensors based on semiconducting metal oxides:  
novel materials & mechanism analyses & application fields**

Contribution ID: 178

Type: **Oral presentation**

**Ppb-level fuel cell type NO<sub>2</sub> sensor based on Nafion  
proton membrane and Au-Ni/CF sensitive electrode**

*Tuesday, 6 August 2024 11:30 (15 minutes)*

**Presenter:** FENG, Sitong (Jilin university, China)

**Session Classification:** Day II, Session II
