

9th GOSPEL Workshop. Gas sensors based on semiconducting metal oxides:  
novel materials & mechanism analyses & application fields

Contribution ID: 188

Type: Oral presentation

## Ion-implanted WS<sub>2</sub> nanosheets for Gas sensing

*Tuesday, 6 August 2024 13:00 (15 minutes)*

**Primary author:** SAITO, Noriko (National Institute for Materials Science)

**Presenter:** SAITO, Noriko (National Institute for Materials Science)

**Session Classification:** Day II, Session II
