

9th GOSPEL Workshop. Gas sensors based on semiconducting metal oxides:
novel materials & mechanism analyses & application fields

Contribution ID: 193

Type: Oral presentation

Design and Synthesis of Microwave Sensor Sensitive Materials Based on Waveguide Resonator

Tuesday, 6 August 2024 14:30 (15 minutes)

Presenter: JIN, Quan (Jilin university, China)

Session Classification: Day II, Session II
