

9th GOSPEL Workshop. Gas sensors based on semiconducting metal oxides:
novel materials & mechanism analyses & application fields

Contribution ID: 201

Type: Oral presentation

Enhanced and selective CO detection using SnO₂ thin film

Tuesday, 6 August 2024 13:45 (15 minutes)

Presenter: BALORIA, Vishal (BML Munjal University, Gurugram)

Session Classification: Day II, Session II
