

ECLLOUD'22 and GWDVac'22 Workshops

Tuesday, 27 September 2022

Surface Properties, Coating and Experimental Studies (II) - Hotel Hermitage (16:00 - 17:30)

-Conveners: Oleg Malyshev

time	[id] title	presenter
16:00	[20] Role of surface chemistry and metal oxides in conditioning of materials in particle accelerators	SATTONNAY, Gael
16:30	[21] SEY dependence on overlayer thickness and its relevance for e-cloud studies at various temperatures	ANGELUCCI, Marco
17:00	[22] Surface engineering of the secondary electron yield by Atomic Layer Deposition	PROSLIER, Thomas
