

# ECLLOUD'22 and GWDVac'22 Workshops

## Wednesday, 28 September 2022

### GWD vacuum meets accelerator vacuum - Hotel Hermitage (15:30 - 17:30)

-Conveners: Roberto Cimino

time	[id] title	presenter
15:30	[34] Surface and Material properties governing ultrahigh vacuum	LARCIPRETE, Rosanna
16:00	[50] Physical and chemical processes at Cryogenic Surfaces: a lesson from the Space	Mr DULIEU, François
16:30	[35] Synergies between dynamic vacuum issues in accelerators and GW instrumentations	SPALLINO, Luisa
17:00	[36] Electron emission from Insulators: a novel measuring methods developed for spacecraft research	BELHAJ, Mohamed
