

# PSMR-TBP 2022 9th Conference on PET/MR and SPECT/MR & Total-body PET workshop

## Sunday, May 29, 2022

### Total Body PET clinical systems and applications (3:30 PM - 4:50 PM)

-Conveners: Kuangyu Shi

time	[id] title	presenter
3:30 PM	[64] Invited talk - Long axial FOV PET hands-on: first view and future perspective for Emi/Total-Body PET	SLART, Riemer
4:10 PM	[16] Evaluation of population-based input functions for kinetic modelling of 18F-FDG datasets from a long axial FOV PET scanner	SARI, Hasan
4:30 PM	[18] Quantitative Image Derived Input Function from Long Axial Field of View scanners	ANDERSEN, Thomas Lund
