

SM&FT 2022 - The XIX Workshop on Statistical Mechanics and nonperturbative Field Theory

Tuesday, 20 December 2022

Session 5 - Dipartimento di Fisica - Università di Bari "Aldo Moro" - aula A ("Giuseppe Nardulli") - 1st floor (09:00 - 11:00)

-Conveners: Michele Caselle

time	[id] title	presenter
09:00	[73] Statistically validated hypergraphs	Prof. MANTEGNA, Rosario Nunzio
09:30	[102] Identifying informative distance measures in high-dimensional feature spaces	LAIO, Alessandro
10:00	[68] Using machine learning in geophysical data assimilation (some of the issues and some ideas)	CARRASSI, Alberto
10:30	[87] Computational Challenges in Lattice QCD	SANFILIPPO, Francesco
