

Rivelatori discreti e leggeri

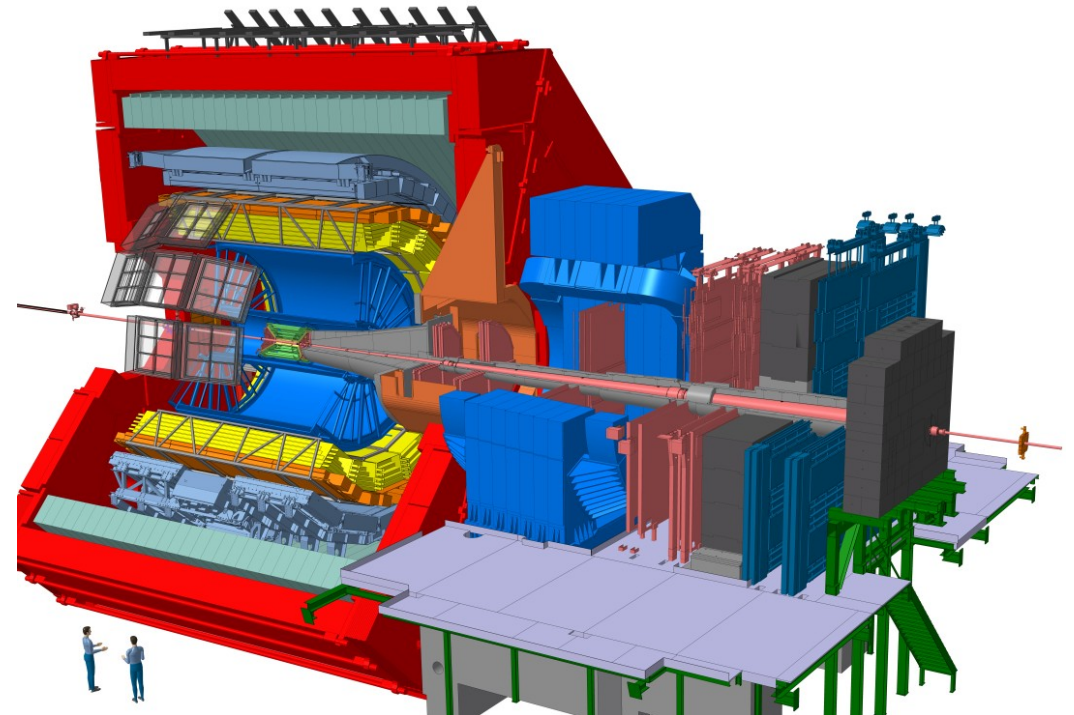

Pixel Monolitici Attivi per il futuro

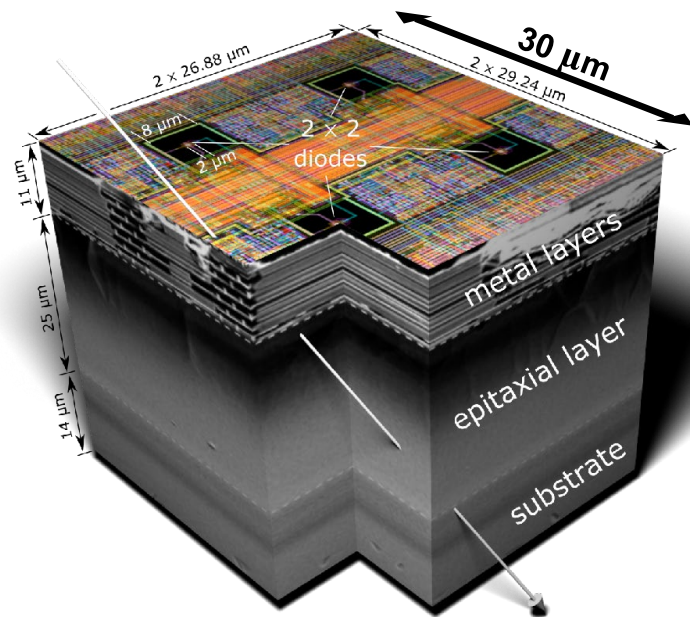

+

=

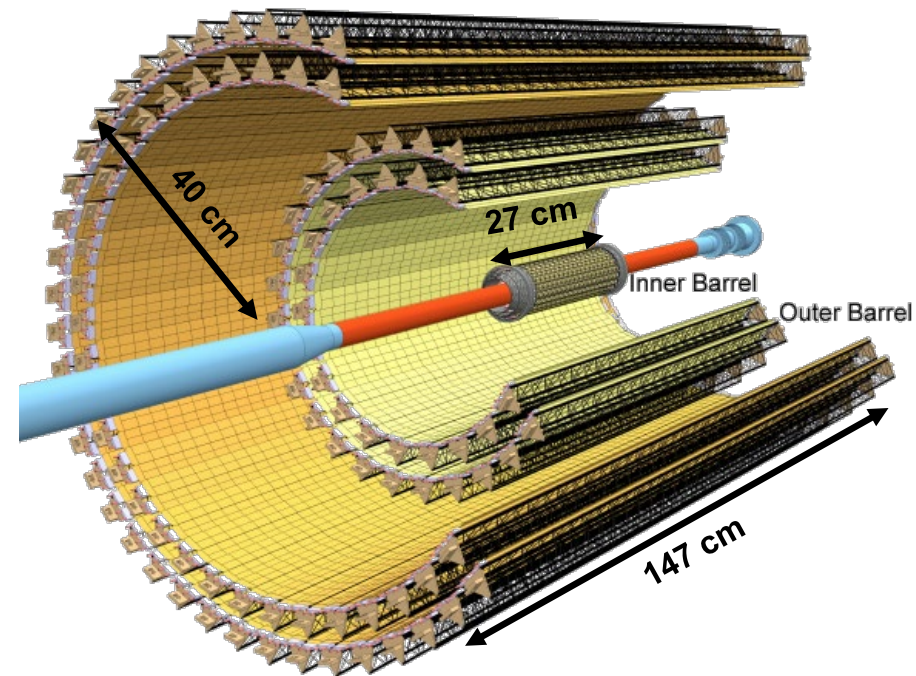

i pixel monolitici attivi

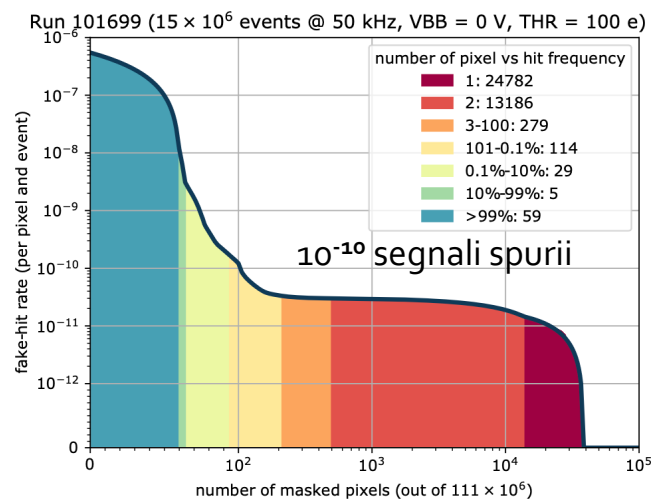

$\times 10^{10}$

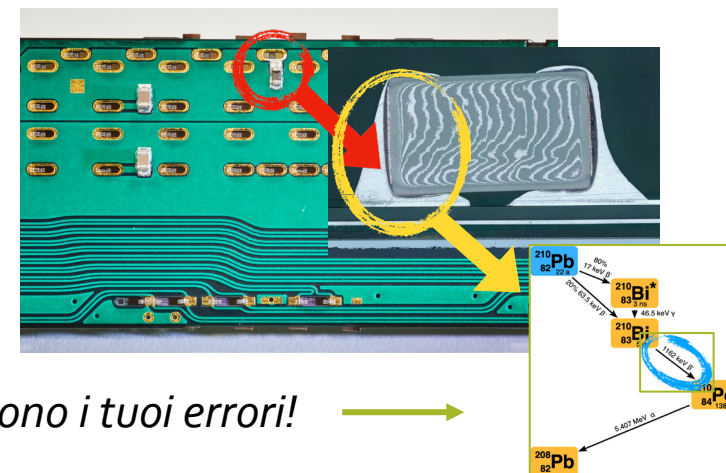

il rivelatore di tracciamento

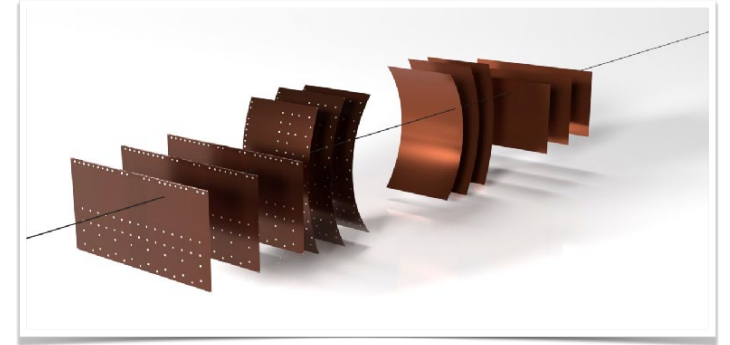

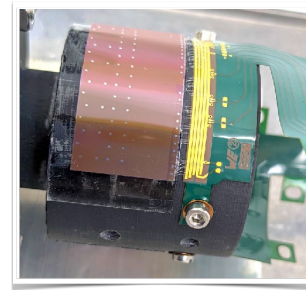

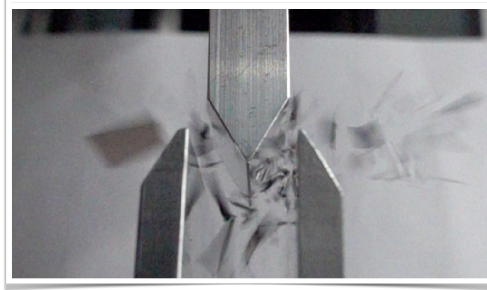

*Così discreti...
che parlano
solo se interrogati*

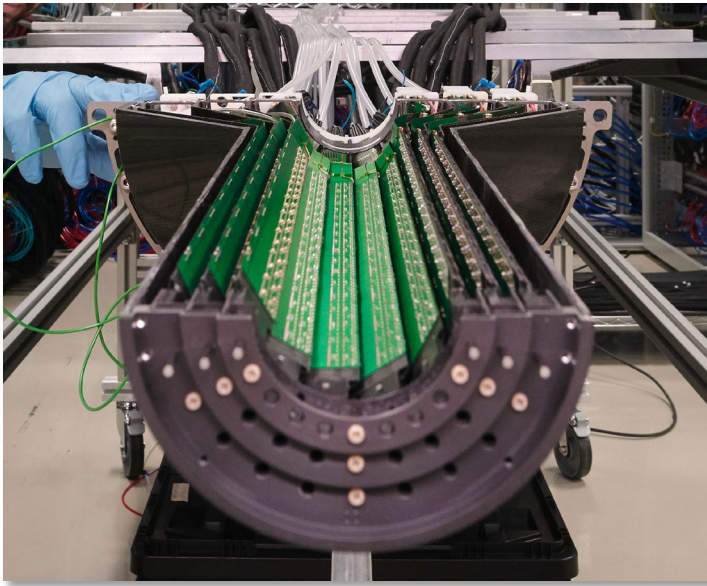

...e scoprono i tuoi errori!

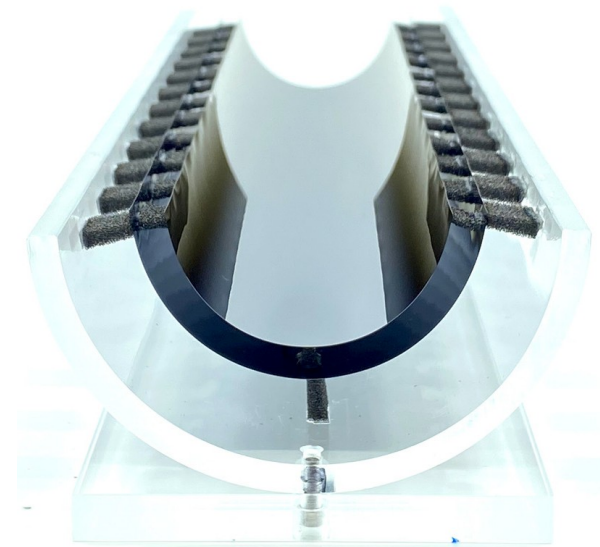

Così sottili e flessibili...

...da diventare leggerissimi

2021: un rivelatore leggero

2026: un rivelatore 'trasparente'
