

# From Planck to the future of CMB

## Monday, 23 May 2022

**Beams - Aula Magna, Palazzo Mosti (14:40 - 16:20)**

**-Conveners: Jan Tauber**

time	[id] title	presenter
14:40	[108] Invited talk by Jon Gudmundsson (Stockholm University) on "Knowing your beams"	
15:20	[109] Clara Vergès (Harvard CfA) "Beam calibration campaign requirements to control temperature-to-polarisation leakage for CMB-Stage 4"	
15:40	[110] Clément Leloup (APC Paris) "Study of beam side-lobes systematics and calibration for the LiteBIRD mission"	
16:00	[111] Emilie Storer (Princeton University) "Map-making and Beams for the Atacama Cosmology Telescope"
