

XXIII Roma Tre Topical Seminar on Subnuclear Physics "Where we stand and where we go with Neutrino Physics"

Monday, 13 December 2021

Afternoon Session - Aula B - Via della Vasca Navale 84, 00146, Roma (14:00 - 19:00)

time	[id] title	presenter
14:00	[1] Knowns and unknowns in neutrino phenomenology	LISI, Eligio
14:45	[2] Long baseline neutrino experiments: present and perspectives	CATANESI, Maria Gabriella
15:20	[3] Reactor neutrino experiments: present and perspectives	PAOLONI, Alessandro
15:55	Coffee break	
16:25	[7] Search for Majorana neutrinos at colliders	SAIMPERT, Matthias
17:00	[5] Double beta decay experiments: present and perspectives	DI MARCO, Natalia
