General Communications

2) The experiment's page is available in the *INFN Assegnazioni* database.

3) it is mandatory to insert in *INFN Experiment Database* the names and Full Time Equivalent (FTE) commitment of people for year 2022.

We declared to *INFN*
8.5 FTE

SEZIONE	RICERCATORI		TECNOLOGI	
FI	1.9 fte	6 pers.	0 fte	pers.
	1.9 fte / 6 pers. (media 0.32)			
LE	0 fte	6 pers.	0 fte	pers.
	0.0 fte / 6 pers. (media 0.00)			
LNS	0 fte	4 pers.	0 fte	pers.
	0.0 fte / 4 pers. (media 0.00)			
MI	0 fte	4 pers.	0 fte	pers.
	0.0 fte / 4 pers. (media 0.00)			
PG	3.95 fte	14 pers.	0.2 fte	1 pers.
	4.2 fte / 15 pers. (media 0.28)			
TO	0 fte	2 pers.	0.2 fte	2 pers.
	0.2 fte / 4 pers. (media 0.05)			
TOTALE	5.85 FTE	36 PERS.	0.4 FTE	3 PERS.

General Communications

4) Money availability for 2022.

We asked: 373 k€ (missing 75 k€ for 3 ADR) (our fault)

We received: 183.5 k€ ==> 49% . **15 k€ less than what expected from september meeting. Please Check !!**

→ Only 58 k€ assigned without conditions.

125.5 k€ are under sub-judice with various conditions.

→ Problems could arise from delayed availability of:

→ Consumables

→ Travel money

→ **we do need to solve this issue asap.**

General Communications

- 4) *I propose to ask for release of travel and consumable money at least for the part needed for the first months of HASPIDE project at the next meeting of CSN5:
7-8 february 2022.*

So each WP should check for its needs and for site where to have the money. Write this information to me within the end of next week to have a coherent and well justified document to send to the referee for evaluation and then ask formally for the release.

Money will be formally available in march or april.

General Communications

5) Manpower:

- *additional ADR positions in 2022:
I'm trying to find a way to obtain at least one.*
- *In Perugia we obtained a PhD position for the HASPIDE Project. Position has been assigned to Francesca Peverini Starting from 1st january 2022.*
- *Also we welcome a new HASPIDE member in Perugia, Maddalena Pedio (CNR-IOM Senior Researcher), expert in Tools for Spectroscopy on Advanced Materials*

General Communications

6) *Collaboration meetings (CM) could take place around the third week of each month.*

Next one will then be between 21st and 25th

February 2022. Any major problem for that week?

7) *Publication policy:*

I propose to choose an Editorial Board (3 members) with the task of circulating a proposal on the publication and conference abstract submission policy. It should also review the collaboration papers before submission.

Final decision on the policy will be taken by IB next CM.
