

# RICAP-22 Roma International Conference on AstroParticle Physics

## Wednesday, 7 September 2022

### Multimessenger - 2 - Aula Amaldi (17:00 - 18:40)

-Conveners: Marica Branchesi; Anna Franckowiak

time	[id] title	presenter
17:00	[33] Experimental results on high-energy neutrino emissions from the Galaxy	FERRARA, Giovanna
17:20	[50] Search for high-energy neutrinos from the cores of Active Galactic Nuclei	BRADASCIO, Federica
17:40	[103] Searching for high-energy neutrinos from the most luminous supernovae with the IceCube Neutrino Observatory	LINCETTO, Massimiliano
18:00	[77] Near-future discovery of point sources of ultra-high-energy neutrinos	FIORILLO, Damiano
18:20	[10] The Gamma-Hadron Separation for Air Showers at the IceCube Neutrino Observatory	BONTEMPO, Federico
