

EWPAA 2022: European Workshop on Photocathodes for Particle Accelerator Applications

Tuesday, 20 September 2022

Photocathode Performance in Accelerator Applications - Aula Magna C03 (16:00 - 18:00)

-Conveners: Rong Xiang

time	[id] title	presenter
16:00	[15] JLAB DC gun developments	Dr GARCIA, Carlos Hernandez
16:20	[26] CsK2Sb-photocathodes for application in an industrial accelerator	KUEMPER, Verena
16:40	[4] Status of precise measurements of electron-beam polarization changes during long term operation	Dr GROTH, Jennifer
17:00	[31] Photocathode activities at DESY	Dr JUAREZ LOPEZ, David Pavel
17:20	[16] Performance of bialkali photocathode in DC-SRF photoinjector	Dr XIE, Haumu
17:40	[5] Photocathode performance at LCLS-II	Dr VECCHIONE, Theo
