

EWPAA 2022: European Workshop on Photocathodes for Particle Accelerator Applications

Wednesday, 21 September 2022

New Photocathode Ideas - Aula Magna C03 (09:00 - 10:40)

-Conveners: Laura Silvia Monaco

time	[id] title	presenter
09:00	[25] Ultra-thin MgO films on metal photocathodes to enhance QE	Dr BENJAMIN, Christopher
09:20	[6] Plasma photocathode	BENEDETTI, Carlo
09:40	[33] CERN Photocathode Activities	Dr CALDERON, Miguel Martinez
10:00	[32] Protective layers on bi-alkali photocathodes	Dr MOODY, Nathan
10:20	[20] AI/ML-selection of air-stable photocathodes	Dr ANTONIUK, Evan
