From HS06 to HEPSCORE. A New benchmark for HEP

Thursday, 26 May 2022 09:50 (25 minutes)

The HEPiX working group has been very active in the past months to find a replacement for HS06. This talk will focus on the technical aspect of the new benchmark and on the framework of the Benchmarking Suite in particular the analysis of the last results. We will also discuss the collaboration with the WLCG HEPscore Deployment Task Force.
