

AtmoHEAD 2022

ATMOSPHERIC MONITORING FOR HIGH ENERGY ASTROPARTICLE DETECTORS

Villa Orlandi – Anacapri (Island of Capri (NA) - Italy)

July 13th - 15th, 2022

SECOND CIRCULAR

Following the information of the first circular, we add some useful information for your convenience.

The workshop will be held in Villa Orlandi (Anacapri). We encourage participants to **book the hotel as soon as possible** as Capri is in high season in July and it could be difficult to find availability.

We have an agreement for discount rates with the following four hotels, in case you are interested proceed to contact the hotel and ask for rates for AtmoHEAD2022 conference :

- Hotel Biancamaria (***) via Giuseppe Orlandi 54 - Anacapri

SWIFT code : PASCITMMXXX

specifying as reason for payment :
“fee ATMOHEAD 2022 + your name”

Please, send a copy of the transfer to atmohead2022@lists.na.infn.it by June 27th.

The main topics of the conference, treated in dedicated sessions, are :

- the influence of the atmosphere on the measurements of present and future UHECR and gamma-ray experiments
- terrestrial gamma-ray flashes, transient luminous events and general topics in atmospheric electricity
- analysis techniques and instruments
- public global data sets, models and simulations

Summary of dates and deadlines:

- Abstract Submission: April 25th
- Notification of Acceptance: May 2nd
- Registration : June 13th
- Fee payment: June 27th
- Conference dates: July 13th - 15th
- Proceeding Submission: July 6th

The conference will start in the morning of July 13th and will end by lunchtime of July 15th

AtmoHEAD 2022 is organized by the Department of Physics "E. Pancini " of the University of Napoli Federico II and by the Napoli Division of the National Institute of Nuclear Physics (INFN).

The AtmoHEAD 2022 Local Organizing Committee :

*Carla Aramo
Roberta Colalillo
Fausto Guarino
Laura Valore*

The AtmoHEAD 2022 Scientific Organizing Committee :

*Rasha Abbasi Loyola Physics Department – Chicago (USA)
Ashot Chilingarian Yerevan Physics Institute, Yerevan (Armenia)
Bruce Dawson University of Adelaide, Adelaide (Australia)
Joseph Dwyer University of New Hampshire – Durham (USA)
Markus Gaug Universitat Autònoma de Barcelona
Vincenzo Rizi Università degli Studi dell'Aquila, INFN and CETEMPS, L'Aquila (Italy)
Laura Valore Università di Napoli Federico II and INFN Napoli (Italy)*
