

# Next steps towards European Underground Accelerators

(11th Feb. 2011)

## Workpackages

- Gamma detectors
- Neutron detectors
- Particle detectors (to be confirmed)
- Simulations (to be confirmed)
- Solid Target (in particular  $^{12}\text{C}$ )
- Gas Target
- Accelerator & Shielding
- Astrophysical Cases

**Coordination Board:** M.L. Aliotta, L. Fraile, Z. Fulop, A. Guglielmetti

## **Next steps** (due by March 14th 2011):

- Completely define the list of workpackages
- Define the support to each specific Workpackage,
- Identify a unique coordinator
