

TESLA Technology Collaboration (TTC) Meeting

February 28-March 3 2011

Milano, Italy

Wednesday, 2 March 2011

WG-2 Session 2: Pressure vessel certification and Cryomodule Design - Sala Napoleonica (09:00 - 11:00)

-Conveners: Axel Matheisen

time	[id] title	presenter
09:00	[55] Pressure Vessel Certifications: How are Various Labs Addressing Requirements	MATHEISEN, Axel
09:20	[56] FNAL Pressure Vessel Compliance Strategy	KLEBANER, Arkadi
09:30	[84] Discussion/Comparison on Pressure Vessel approaches	
09:45	[57] Construction of cERL Injector Cryomodule at KEK	NOGUCHI, Shuichi
10:05	[58] CW Cryomodule Optimisation and Development for ERL Applications	MCINTOSH, Peter
10:25	[59] Design and Construction Experiences for the ERL Phase 1B Cryomodule	LIEPE, Matthias
10:45	[60] JINR activity on design of the 4th generation cryomodule	SUKHANOVA, Asiya SHIRKOV, Grigori
