

ATLAS-ITK-Lecce Discussions

Gabriele Chiodini - INFN Lecce

ATLAS-ITK-Lecce
13-Apr-2022

Final Design Review (FDR)

- Half ring loading (Sept. 2022)
- Half shell integration (Nov. 2022)

Items

- Handling frame
- Half ring integration
- Test and transport box
- Half ring loading
- DAQ and DCS

Short term goals

- Handling frame: 3 outer + 3 inner for end of May
- Half ring integration: prototype for end of June in Frascati
- Test/transport box: as soon as possible
- Half ring loading: as soon as possible
- DAQ and DCS: need visible progresses

Talks and posters

- The only ITK Lecce poster is the one of Alessandra
- Talk of Luigi about half ring loading at ATLAS Italia of end of June
- Failed to submit an abstract about half ring loading for Isola d'Elba
- We should try for SIF on two topics: QC test and half ring loading. Must be coordinated in ATLAS-ITK-IT.
- Others?

Missioni ATLAS-ITK

- ATLAS Italia Pisa 27-29 Giugno. Early registration scade il 15 Aprile.
- ATLAS upgrade week at CERN 9-13 May
- ATLAS ITK Week in 12-16 Sept likely at Bonn.
- ATLAS upgrade week at CERN 14-18 Nov
- Altre a cui voi interessa partecipare?
