

Roma International Conference on Astroparticle Physics

Thursday, 26 May 2011

Parallel Session: HECR and results from accelerators (14:30 - 16:15)

time	[id] title	presenter
14:30	[83] Results from KASCADE-Grande	Dr BERTAINA, Mario Edoardo
14:50	[72] Measurement of the muon charge ratio in cosmic ray events with the CMS experiment at the LHC	Dr MARCELLINI, Stefano
15:10	[67] Forward photon energy spectrum at LHC 7TeV p-p collisions measured by LHCf	Dr MENJO, Hiroaki
15:30	[66] Results of NEVOD-DECOR experiment and evidences of quark-gluon plasma in cosmic rays	Prof. PETRUKHIN, Anatoly
15:55	[89] Status of the RICE and preparations for next generation radio neutrino experiments in Antarctica	KRAVCHENKO, Ilya
