

# Roma International Conference on Astroparticle Physics

## Friday, 27 May 2011

### Ultra High Energy Cosmic Rays (11:30 - 13:30)

time [id]	title	presenter
11:30 [53]	Measuring the spectrum of UHECR with the Pierre Auger Observatory	Dr PESCE, Roberto
11:50 [78]	Large scale anisotropy studies with the Pierre Auger Observatory	Dr BONINO, Raffaella
12:10 [62]	AERA, the Auger Engineering Radio Array	Mr FUCHS, Benjamin
12:30 [40]	The Tunka-133 EAS Cherenkov light array: status, all particle energy spectrum and future plans.	Prof. KUZMICHEV, Leonid
12:50 [71]	Telescope Array: the latest results	Prof. TINYAKOV, Petr
