

4th Superconducting Magnet Test Facilities Workshop & 2nd Workshop on Instrumentation and Diagnostics for Superconducting Magnets

Contribution ID: 55

Type: **not specified**

Methods and instrumentation for insulation defects measurements and electrical issues with superconducting magnets and circuits.

Thursday, 27 April 2023 16:10 (20 minutes)

Presenter: BEDNAREK, Mateusz (CERN)

Session Classification: Innovative electronics and devices, electrical diagnostics
